

X4 INTEGRATED 360° ELEMENT PROTECTOR

The X4 integrated 360° boil dry protector has been designed to meet the market requirements of the new "Underfloor" Kettle and Jug applications.

Research has shown that new Kettle and Jug designs require nuisance free user features like the "Kettle Guard" protection function, whilst still retaining a competitive pricing structure.

Compatible with the "Easifix" Sealing System and suitable for all "Underfloor" element types the X4 delivers the "Kettle Guard" in the smallest package size available - maximising the appliance industrial design freedom but minimising material costs.

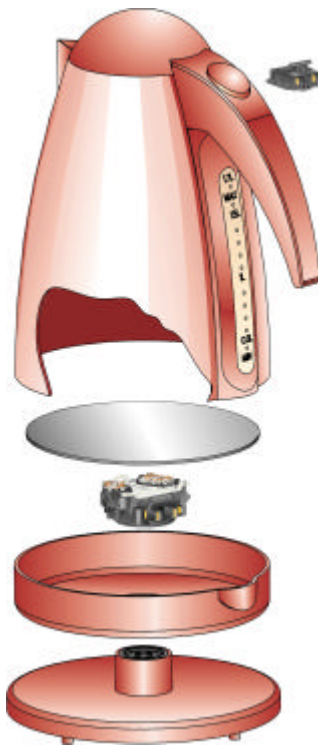

FEATURES

- Interfaces directly with CS4
- Low Profile, Small Diameter package size
- Designed for all Element Types
Printed, Mechanical, Brazed, Diecast, Flamesprayed
- "Kettle Guard" - Dual Bimetal Protection
- 3kW Capability
- Reworkable Assembly
- Minimises internal wiring
- Bracket Fixture Options e.g. Laser, Stud, Screw and Rivet
- Designed to meet International Approval requirements
- Compatible with "Easifix" Sealing System

TECHNICAL DATA

AC Rating	EN Standards:	13.0 amps at 250 volts 50HZ
	CSA:	12.5 amps at 120 volts 60Hz
	UL:	13.0 amps at 120 Volts 60Hz
Flammability:		Flame Retardant Material

APPLICATIONS

- Jugs
- Kettles
- Water Heaters
- Vending Machines
- Water Purifiers

ASSOCIATED PRODUCTS

The X4 is an integrated component of the Gemini Modular System and can be incorporated alongside any Otter steam sensor.

The X4 interfaces directly with the CS4 360° connector and could also close-couple directly with the Z5 steam sensor.
